Bone x Scourge (Rape)

[image]

An early SunHigh shone bright through the darkened ally Scourge stretched and looked down from the dumpster he was resting on he hung his one white paw down and sniffed the air he had a stomach ake last night and groaned a lot "What a splendid morning... Always the same that light should turn on in 3...2...1" *Click!* Went a light on a building Scourge sighed and leaped off the dumpster Bone looked at his leader "Good morning Beautif- er I mean Scourge" Bone started to feel beat pulsing through his fur like claws raking at his pelt Scourge looked at the larger cat "Um.. Bone? Are you ok you look warm" Scourge stood on his hind legs and put his paws on the walls "Oh! Um Scourge I don't think now is the best moment to do this" Scourge shushed him and put his smaller head on Bone's chest fur "Well.. Now is the time to say this but..." He whispered "Fuck me daddy" Bone looked at the Tom who got down on all fours and his behind in the air "What are you doing starring? Come her and Fuck me already!" Bone got down and sighed his member sticking out fully now her mounted the smaller cat worried he'd crush the small leader "Just cuz' I'm small it ain't mean I'm not tough" he hissed. Bone thrusted into the cat suddenly faster and faster "Mmm.Faster! Harder! Fuck me hard!!" Yowled scourge Bone's large member dove in harder and found scourge sensitive spot "Ohh! Scourge I'm gonna cum!" Scourge braced himself and hissed "THEN DO IT!" Bone filled scourge in and started thrusting again a few minutes later he stopped and scourge collapsed and panted hard "Oh that was fun Bone.." He meowed Bone smiled and purred " I hope we can do this again.. " The Toms shared tongues... Then scourge whispered "My ass is sore Bone"

MothPool x StormStrike

Requested by DanielaCruz918.

MothPool sighed and looked at the moon and the small stream he watched gurgle away underpaw he had always wanted to tell his feelings to a different cat he liked...StormStrike he went back to camp and was greeted by his huge strong Leader "**And what are you doing so late at night?**" He hissed MothPool gulped "I-I I was l-looking at a a stream I I see each week..." " **And what is the purpose of that?!** " Hissed LeapStar clawing MothPools neck StormStrike who had been listening the most time leaped forward "Why must you worry about everything MothPool does!?" He gasped blocking Mothpool from LeapStar " For what reason are you here?! I am MothPools father I can punish my kit as I choose!. " he batted MothPool and StormStrike ran to him "MOTHPOOL!" MothPool looked at his crush " y-yes? " StormStrike relaxed "I'm just glad you are ok.." He looked at LeapStar " C'mon we need to go before LeapStar gets more mad" He helped MothPool up and took him to the warrior den the cats lay down in one nest together "Um..Look StormStrike...There was something I wanted to tell you" StormStrike looked at the Tom " What is that? " MothPool looked away StormStrike rested his tail on the cats shoulder "You can tell me I'm your friend" MothPool looked at him " Well I I liked you StormStrike.. I really do" StormStrike purred and cuddled closer to MothPool "I liked you to and I *loved.* You" the toms purred and both fell asleep...

MothPool x StormStrike (re make)

One morning MothPool awoke from his nest and to see his best friend StormStrike but he wasn't in the Medicine cat den so he looked around camp but he didn't see him he went to the forest and saw StormStrike walking to a a TwoLegPlace? MothPool watched as he entered the den MothPools heart felt shattered when he came to the window to see his best friend with a nother cat getting cats from a TwoLeg and had a red collar on MothPool felt hurt inside and sat down he heard thunder out and leaped up and fell from the trash can be got so scared at ran through the pet flap into the weird den StormStrike jumped and Rebecca stared at MothPool "Um..Storm who is this?" She asked tucking her kits under her tail " Oh..Uh. MothPool! H-hello there my chum! " he cleared his throat "Um Rebecca this is my friend MothPool" MothPool growled "Hello" he hissed StormStrike pulled him aside "What are you doing here MothPool?!" He hissed MothPool looked hurt " Y-you YOU HAVE BEEN GOING TO A TWOLEG DEN THIS WHOLE TIME?!? " MothPool Hissed neck fur bristling claws unsheathed StormStrike looked dissapointed "Well um.. Me and Rebecca had kits... SilverKit, LynxKit, CloverKit and EagleKit" He glanced back at Rebecca MothPool looked furious "You even had kits!!??" He stormed out to the pet flap " Good bye "Rebecca" and STORM! " he leaped out and hardly ever noticed the rain as he entered camp he lay down in his nest remembering times he slept with StormStrike in a nest...

A few moons later MothPool was getting made deputy since the death of LeapStar DawnStar has been leader and MothPool was getting made deputy StormStrike sped through the clan entrance "Gah! Sto-StormStrike?" MothPool questioned StormStrike looked at MothPool "Oh MothPool!" He purred and ran up to him (after he was made deputy and shit this happened).

"What do you want me for kittypet?" MothPool Meowed sitting down " NeverMind.. "StormStrike padded away to a stone MothPool

ran over "Are you ok?" StormStrike his his face under his tail "R-Rebecca died from a a sickness" MothPool looked shocked and had a flash memory of the time he had fought with StormStrike and how he saw the worry in Rebecca's eyes he looked at StormStrike "Oh...StormStrike" he leaned in on him "At least you have someone else who loves you" MothPool got up and StormStrike; StormStrike gave MothPool the look MothPool smiled and StormStrike got lower to the meme (jk) grassy ground and MothPool mounted him his brown glossy fur against StormStrikes blackish fur and Thrusted into him hard and fast and cum splashed to the ground and StormStrike groaned with pleasure and sooner or later MothPool was about to cum in StormStrike and the to filled him in and the cats were just a pile of fur licking each other "And don't forget you'll always have a cat to love..."

HollyLeaf x Sol

Yee HollyLeaf589,

HollyLeaf woke up and stretched opening her jaws in a big yawn and scrapped some loose moss off the ground (my tablet through I was gonna write loose moss off the meme 😂👌) got up and padded out of camp to find some water

As she trekked through the darkened forest that had dim crisp of dawnlight showing through the trees she finally came to a stream near the border between RiverClan and ThunderClan she soaked the moss (it said soaked the meme 😂👌) and brought it back to camp for a cool refreshing drink her. LitterMate: SmallStrike came padding up "Hey big sis! Can I have some water?" She asked HollyLeaf looked at her young tiny sister " sure I'm not thirsty anymore" She got up and walked out to get some prey

She was looking and heard a twig snap.
Her neck fur bristled and she unsheathed her claws. "Who's there!?" She asked turning directions then she saw yellow beady eyes staring at her from a bush. "Sol..." She hissed slowly " how dare you trespass on out territory " she said playfully "Oh nothing..." He jumped toward her " Sol! " she shouted. He covered her mouth "be quiet!"

She got up "what do you want?" She sat down " Would you want to have kits? " he asked smiling HollyLeaf raised one eyebrow "Really Sol?" She looked at his fur. Sol nodded " So yes or No? "He questioned HollyLeaf smiled "Of course"

I'll make part two I'm just over crowded

Jake X TallStar Love

[image]

TallStar was wandering in the forest alone searching for some prey while MudClaw sent out patrols.

**sigh* when will I ever see Jake again?* He thought sniffing a broken tree branch
What? That's awfully weird! Jakes scent is here! And it's fresh! He might be here,and I will possibly be able to tell him now I feel for him!Well that is if he does not decline.

TallStar heard wrestling in the bushes and and Orange cat popped out covered in leaves "Intruder!" TallStars claws Unsheathed and he got in Hunters crouch. The Orange cat turned and his neck fur bristled.
TallStar the relaxed and realized who it was "Jake?...JAKE!" TallStar leaped at the Tom and grinned. JAKE looked Flushed them TallStar got up realizing what it seemed what was happening.

"TallStar?" The Orange Tom purred getting up "w-what are you doing here?"
Tallstar blushed "what are *you* doing here?" He purred Nudging him " Nothing " Jake said giving his chest fur a couple embarrassed licks. "C'mon ya gotta be doing something Jake" Tallstar mewed sitting down. "Well. Tall. I had something I wanted to say to you." Tallstars' eyes lighted up. "Yes?" He said paying down " well. You see. Tallstar I love you! " Jake meowed quickly looking down. Tallstar padded forward and touched noses with the tom. "I know Jake I I know" the two Tom's say side by side way Bing the sun set together..

Firestar X Sandstorm (frickin i dont know the fuck this is)

[image]

Sandstorm padded threw the clearing with a mouse and good in her jaws. She had just finished a hunting patrol with greystripe and Brightpaw and Hollyleaf and she was looking for her mate Firestar *Must possibly be in his de*n she thought *I should check it out to see* she went in the den and saw him. Sleeping "psst. Firestar" the F lamed colored Tom open ed his eye "yes?"

" Oh. Thank StarClan you're awake" The She-cat purred putting a dirty smile on her face. Firestar had a curious face and saw her smirk "Oh. So that's why your here huh?" He purred " Close the entrance more" he added "Today's gonna get messy"

Sandstorm closed the leafy entrance more as good and got down into a hunters crouch "Now. Don't be to loud. We don't need the whole clan to see this" he said letting his member out. "Buckle it up and stay silent" he shoved his dick into her thrusting for all of StarClans blessing to cover them while this is happening. Sandstorm let out a soft moan trying to stay silent as good "Mmmm! Yes please!" Sandstorm purred drooling with tears .

"HARDER!" " IS That all you got?! " Sandstorm begged. "Turn over." Firestar meowed touching the shoulders of the she cat. Sandstorm did as she was told and turned on her back. Firestar Shoved his member threw her a gain but Cumming this time. "mmmm! Yes daddy" Sandstorm meowed moaning louder but thankfully no cat heard them. Fire Star stoped and stood up. " Let's go to the f orest. No one goes there at this time" he said padding out his den followed by Sandstorm.

In the forest:

Sandstorm got down and lifted her tail. Fire Star got on top and thrusted hard. Way harder. "Yes! Yes please! MMMMMM! Oh yes!"

Sandstorm pleaded "Cu m! Cum in me!" She squealed . Fire Star cummed and thrusted as much as needed. "Now suck" He purred putting his cock in her mouth. "mmm!" Sandstorm begged as he cummed and she sucked. Then she stopped and panted. "That...was..great" she said out of breath "Next time meet me here after The gathering. It will be more fun"
